## SUPERIOR PRODUCTS FOR SUPERIOR DUST CONTROL

Effective dust control on unpaved roads, yards and parking lots is essential to:

- ▶ *Maintaining a safe and healthy work environment*
- ▶ *Protecting the integrity of your yard and roadways*
- ▶ *Reducing maintenance costs on equipment and surfaces*

Da-Lee is the exclusive area provider of - 35% LIQUIDOW™ Calcium Chloride and Essoflex 250 Virgin Oil – the most effective, longest lasting dust suppressants available on the market today.

### 35% LIQUIDOW™ Calcium Chloride

- ▶ *Safe, odorless product with the highest concentration of active ingredient*
- ▶ *Attracts moisture from rainfall, dew and the atmosphere to maintain a damp, dust free surface*
- ▶ *Binds valuable road aggregate together to create a hard compact surface*
- ▶ *A cost effective investment in your unpaved roads and yard surfaces*

### Essoflex 250 Virgin Oil

- ▶ *Most effective and longest lasting dust suppressant available on the market*
- ▶ *Binds and coats aggregate particles together to create a hard, dust free surface*
- ▶ *Ideal for sites with heavy industrial traffic or high volume of traffic*
- ▶ *A premium product - well suited to yards with challenging dust problems*
